EXTENSION OF THE FIRST COUNTRY PROGRAMME FOR ANGUILLA

Note by the Administrator

1. The first country programme for Anguilla was approved at the thirty-third session of the Governing Council (1986) for the programme period January 1986 to December 1990.

2. To facilitate improved coordination in the programming of resources at the national level with the programming of resources at the regional level, the Government has requested UNDP to extend the first country programme through 1991, to enable the second country programme to be fully synchronized with the country programmes for the Member States of the Organization of Eastern Caribbean States and with the multi-island programme for the period 1992-1996.

3. The themes of the first country programme remain valid for the period of the extension. They are: (a) public sector management; (b) tourism expansion and employment generation; (c) enhanced agricultural output and productivity; and (d) improved social services and amenities.

4. The Administrator wishes to inform the Governing Council that he has approved the extension of the first country programme for Anguilla for a period of one year beginning 1 January 1991.
